RESPONSE TO OFFICE ACTIONCommissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

The applicant submits a replacement sheet for drawing of figure 1 which shows the support pad now labeled as "43". The specification is amended accordingly.

Please amend the specification as follows:

- 1.) Please delete on page 6, the second paragraph beginning with "When the cover band..." and ending with "...anklebone", and replace with the following paragraph:

"When the cover band 9 is covered over the pocket 18 that has the legs of the ankle support 17 therein and the fastener means 4 thereon, the second fastening means 7 of the band 9 becomes detachably attached to the first fastener means 4 of the cap 6. Here, the cover band 9 together with the support pad [[3]] 43 of the shoe serves to support the wearer's heel while propping the wearer's ankle and anklebone."
